Consistent taste,
colour & thickness

No additional
sugar required

Simple 3-step
preparation

Suitable for
bulk preparation

High-margin
beverage opportunity

Uses commonly
available milk

Built for Foodservice Performance

SOOPER Cold Cocoa Premix delivers smooth, thick and café-style chocolate beverages that delight every time—across every service.

SIMPLE 3-STEP PREPARATION

- 1 Add 1 kg premix to 5 litres milk

- 2 Heat together, stir frequently and bring to one boil

- 3 Chill as required and serve plain or garnish if desired

- Slurry first if preferred, but not essential.
- Smaller batch ratio: 200 g premix + 1 litre milk.
- Suitable for steam-jacketed kettles or commercial beverage boilers.

Yield: Makes approximately 6 litres or 60 servings of 100 ml each.
