Improves Crispness in Fried Products

Restaurant & Hotel Bulk Cooking

Institutional Kitchens & Catering

RECOMMENDED USAGE

For thickening 1 litre of soup, sauce or gravy
40 g

For crispy coating per 1 kg of flour or batter
100-120 g

For ice cream or frozen-dessert applications
30-50 g per litre or kilogram

For bakery recipes
Use according to recipe / specific recommended percentage

Preparation: First dissolve the required quantity in cold water to make a smooth slurry. Add gradually to the hot preparation while stirring continuously.
